Director and Health Officer

SUBJECT: **HEALTH FACILITIES INSPECTION DIVISION**

On April 18, 2006, as a result of reduced State funding for inspections of health facilities and a resulting backlog of new facilities seeking licensing, your Board took the following action:

Instructed the Acting Director of Health Services to:

- Conduct a full review of the health facility inspection process;
- Work in conjunction with the Chief Administrative Officer and County Counsel and negotiate with the State Department of Health Services on amending the County's licensure and certification contract No. 05-45391 with the State.

On June 29, 2006, I provided you with a review of the Health Facilities Inspection Division (HFID) and a discussion of the major problems its staff has faced over the past few years as a result of State budget cuts. On July 20, August 3, and September 8, I provided you with status reports.

The state has scheduled a meeting on October 10, 2006, to discuss the FY 06-07 State funding and workload.

I will provide you with a further update by October 20, 2006. In the meantime, if you have any questions or need additional information, please let me know.
